

# SPLASH PHOTOGRAPHY

Vision of the Fashion Design students from the University Candido Mendes

A tribute to the work of Markus Reugels

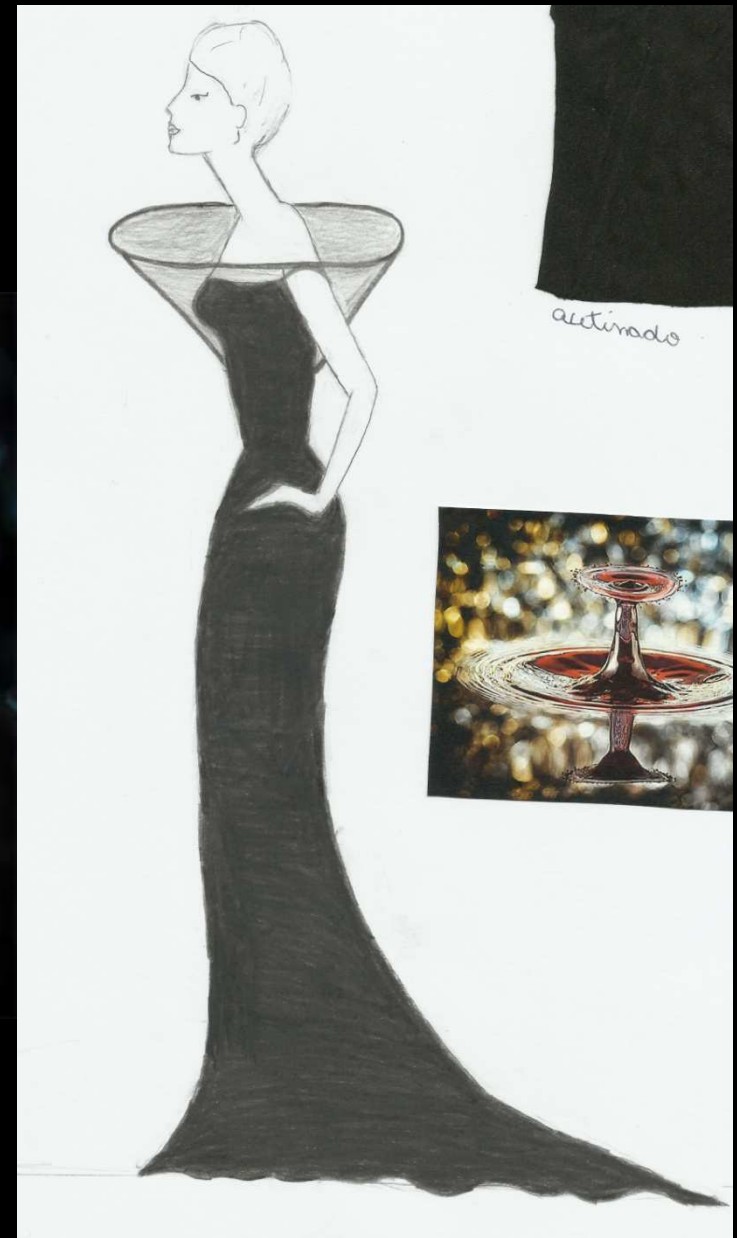

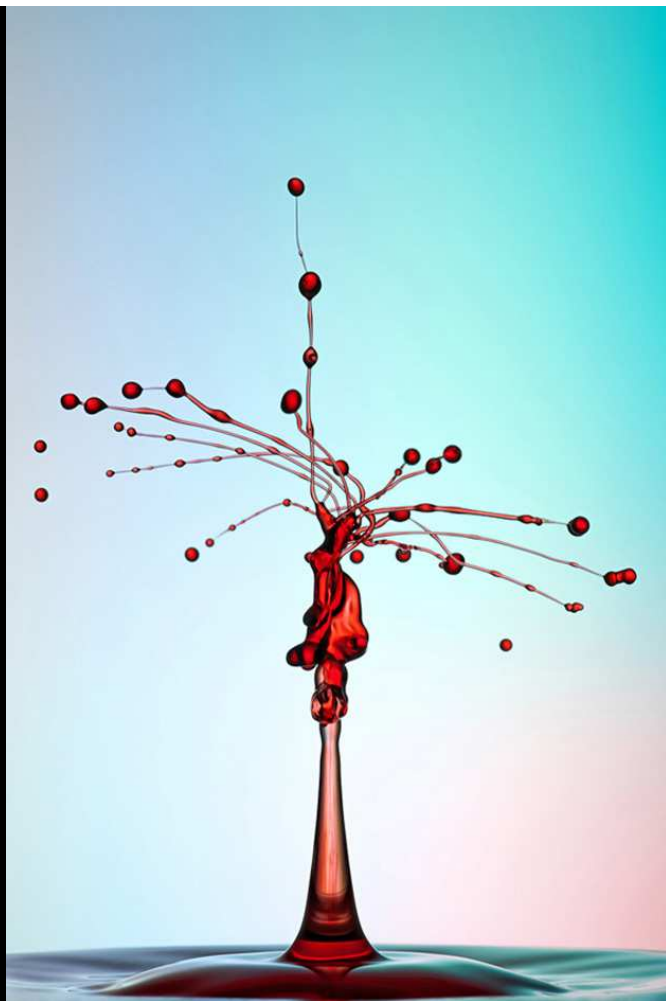

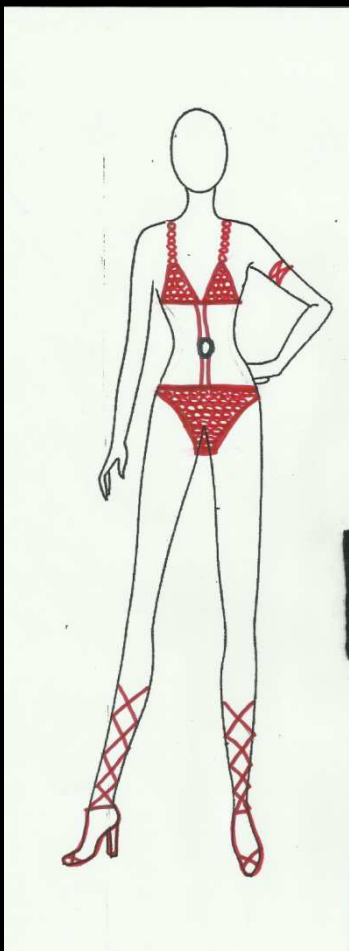

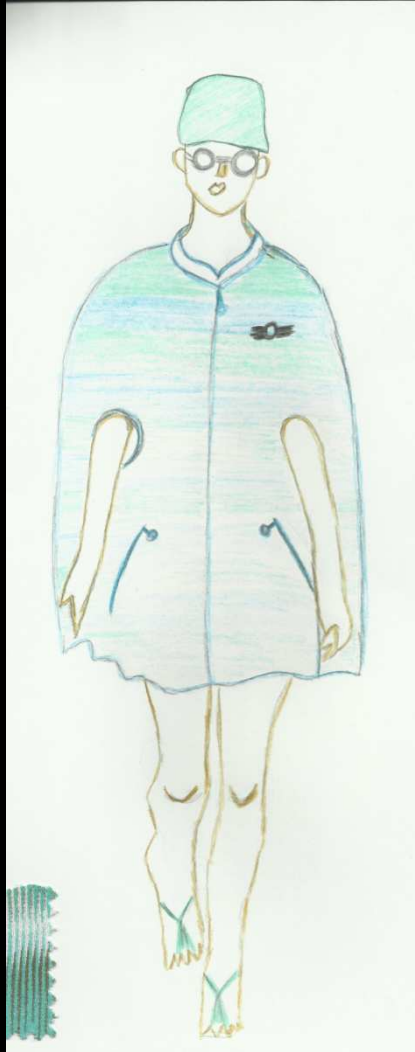

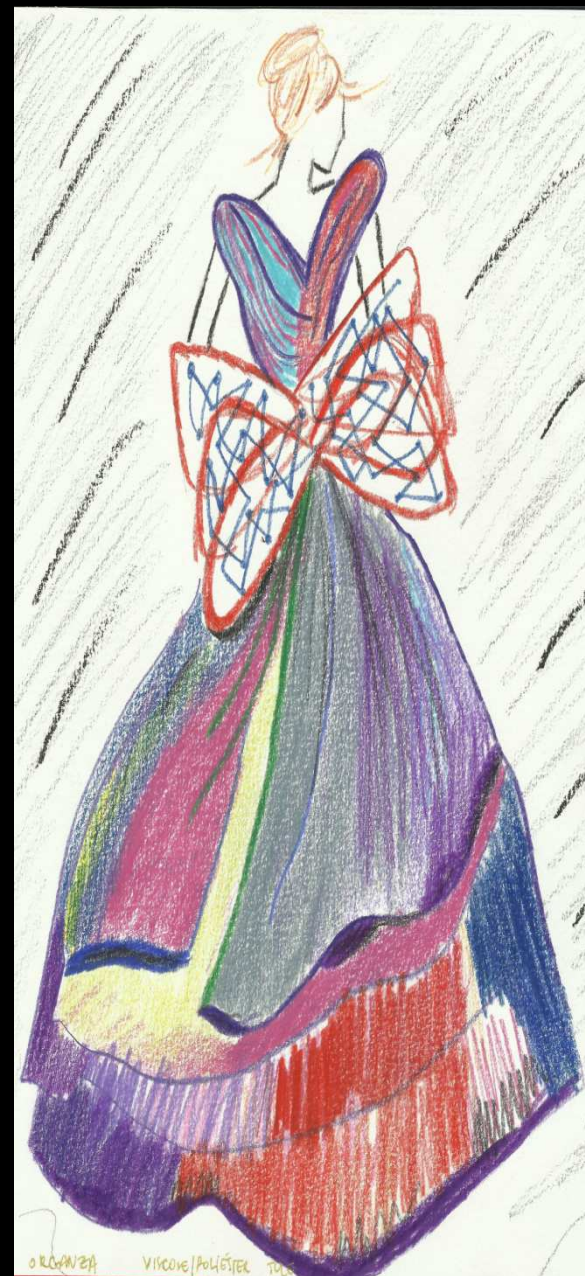

This work was done by students who are still at the beginning of the course, but, on their behalf, I thank you for your fantastic inspiration that gave this work so interesting. At their request, I would request you that if you like the work, publish on your page. For them will be of immense value.

Markus Thank you for your attention!
